**FOR IMMEDIATE RELEASE:**

Alsip, IL – July 2016, GC America Inc. The Labolight Duo; a LED Dual Mode Light Curing Unit for Indirect Composite Resin, 2 Functions in 1 Unit. The Labolight Duo is available in the U.S. only.

Labolight Duo cures all light-cured dental composite resin material (i.e. Gradia gum and Optiglaze color and Optiglaze), using new LED technology that provides high energy efficiency on polymerization work. With lights from all directions, the Labolight Duo reduces curing time on coating material, even makes it harder.

The LED technology provides less operating cost and no need to change bulbs. Saves work space by adapting 2 functions into 1 unit.

Product will be available for ordering August 29, 2016.

SKU#:	Description:
010077	Labolight Duo; LED Dual Mode Light Curing Unit for Indirect Composite, 2 Functions in 1 Unit
